

Easy access to homework

We have our own Learning Management System to ensure quality education in rural areas, wherein child can have complete access as and when required. We do have multiple quizzes and other activities which can be done to boost the thinking ability of a child. We do upload timely and update LMS with all the data of the subjects as per their grades with videos, ppt, worksheets ,answer keys, pdfs as per the syllabus.

We ensure conduction of subject enrichment activities and project works to as per the data uploaded on LMS and proper internet facilities, rubrics to ensure a proper guidance to complete the homework.
