THE MANAGING TRUSTEE

"What we learn with pleasure we never forget."-Carl Rogers

Sanjivani Academy encourages the development of intellectual abilities which enables the students to identify their potential and groom it accordingly for successful and challenging careers with the unfailing attitude of "lifelong learners". My personal feeling is that in today's rapidly changing scenario, schools have the most responsible and important roles to play. The most important part is that the students at school should be encouraged to take an active interest in the welfare of the local and global environment and also influence attitudes and decisions relating to environmental challenges in the society. Sanjivani Academy provides a stimulating and enriched environment for the children in which they enjoy all the aspects of their learning. We value regular contact with parents / guardians and regard the home-school partnership as an essential part of the education process. All the Best!

HON. SHRI. AMIT NITINRAOJI KOLHE

COMMUNITY COHESION

Sanjivani Toddlers, Kopargaon, believes in quality early childhood care and education (ECCE) as it has the power to transform children's lives. It can contribute to greater efficiency in education and health systems and a better skilled workforce. Attention to early childhood can also help to build more equal and inclusive societies by providing excluded and disadvantaged children with a strong foundation in lifelong learning.

THE RIGHT TIME IS NOW

Early childhood is the time when promoting gender equality and a culture of peace makes a true difference, as the pace of brain development is at its peak. When children are exposed to values and attitudes that support gender equality and peace at an early age, they are likely to hold them in later stages in life. The school's promotion of community cohesion is a key strength.

We enjoy strong links with our local and global community including schools, businesses, agriculture, agencies & third sector groups. Our links enable us to offer a range of initiatives to support our students and their families.

BUILDING CONFIDENCE

Here at Sanjivani Academy, we encourage and guide the students to build up their self confidence and leadership qualities. Students of every class and section, from Nursery to standard X get an opportunity to conduct the morning assembly under the guidance of the class teachers.
