## OUR CHAIRMAN'S PHILOSOPHY

"Education is the development of the soul, body and mind"  
- Mahatma Gandhi

Sanjivani Academy has been established to provide an inspirational environment to all its students and keep our commitment to bring quality International Education within easy reach of the people of Kopergaon. Sanjivani Academy is a vibrant and welcoming learning community, committed to create the best possible educational experience for every child. We aim to enable all children to reach their full potential. We have talented, dedicated, caring team of staff, each of whom works very hard to ensure that the abilities of the children in our care are nurtured and carefully developed.

**LATE. HON. SHRI. SHANKARRAOJI  
KOLHE SAHEB**

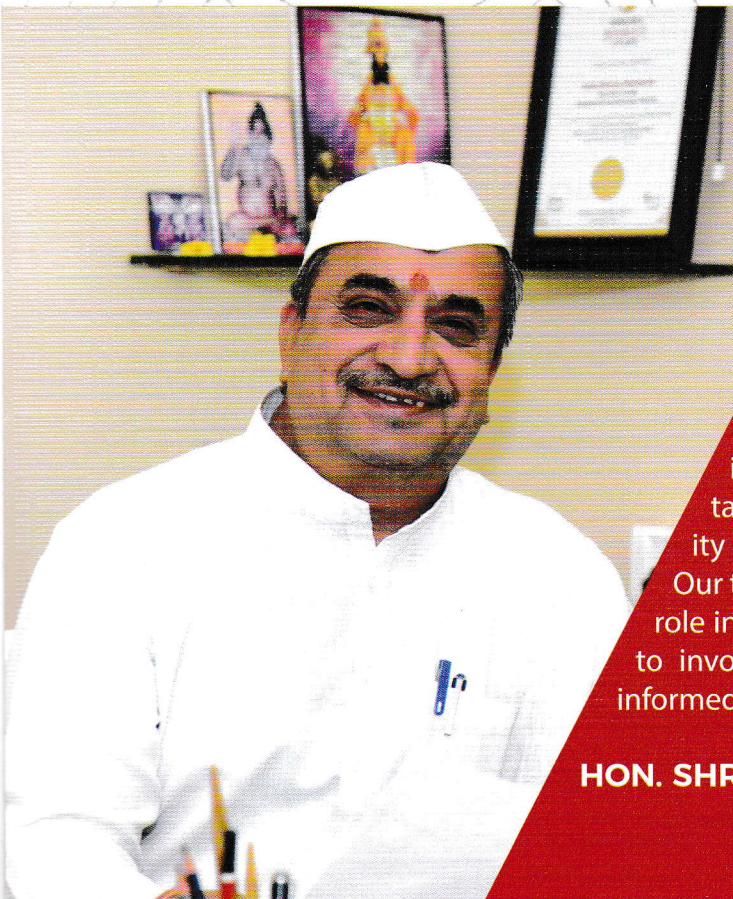

## EXECUTIVE TRUSTEE'S OUTLOOK

"The direction in which education starts a man will determine his future in life." - Plato

Sanjivani Academy being a progressive institution is constantly engaged not only in improving the knowledge and skills of its students and their academic results but also endeavoring to bring about their integral development through a host of well planned activities, life like example and healthy influence of the teachers. Our aim is to enable each one of our students to develop his / her talents and realize the creative potential including responsibility for their own lives and achievement of their personal aims. Our teachers are trying their best to cope up with their expanded role in a fast changing world. We are always looking for new ways to involve parents in the life of the school and to keep them informed of the things we are doing. Best Wishes!

**HON. SHRI. NITINDADA KOLHE**

## OUR MANAGING TRUSTEE

“What we learn with pleasure we never forget”-Carl Rogers

Sanjivani Academy aims to encourage the development of intellectual abilities which will enable the students to fulfill their potential for successful and challenging careers to become “lifelong learners”. My personal feeling is that in today's rapidly changing scenario, schools have the most responsible and important role to play. The most important part is that students at school should be encouraged to take an active interest in the welfare of the local and global environment and to seek to influence attitudes and decisions relating to environmental challenges in the society. Sanjivani Academy provides a stimulating and enriched environment so that the children can enjoy all aspects of their learning. We value regular contact with parents / guardians and regard the home-school partnership as an essential part of the education process.

All the Best!

**HON. SHRI. AMIT NITINRAOJI  
KOLHE**

## MANAGING DIRECTOR

“Tell me and I'll forget; show me and I may remember; involve me and I'll understand.”

Indeed true. It gives me enormous contentment to pen these lines on behalf of SANJIVANI ACADEMY, one among the latest scholastic initiatives of the Sanjivani Rural Education Society. We do believe that every child has a right to attend a good school and every parent has a right to expect that the school serving their community is a good one. The Sanjivani Academy is a true manifestation of the noble mission taken up by the Sanjivani Rural Education Society of transforming rural India through quality education and training. The Academy provides good avenues for the students, parents and staff to work together for creating an academy with physical, emotional social and safe environment. Let us all work together to make this Academy conquer new heights to the level of true International standards.

Keep Going!

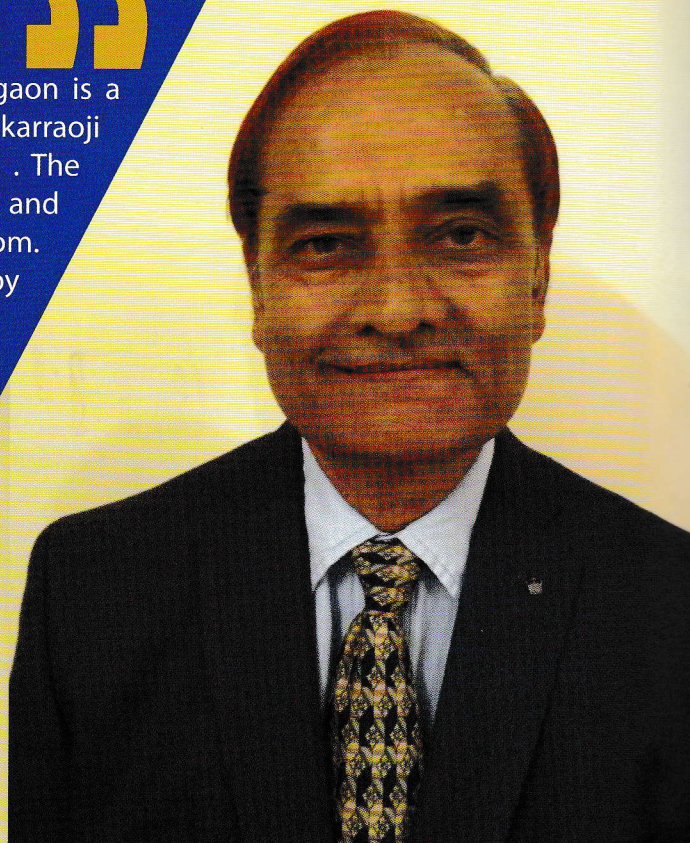

**HON. DR. MANALI AMIT KOLHE**

## FROM THE DESK OF DIRECTOR

Sanjivani Group is one such leap forward. The very architecture and design of the Sanjivani Academy, Kopergaon is a clear indicator of the foresight of the Founder Hon. Shri Shankarraoji Kolhe Saheb, a visionary and an eminent social reformer. The quality educational program being offered here is unique and provides a differentiated learning within the classroom. Sanjivani shoulders the responsibility to mould the future by training the younger generation. This, we strongly feel is the era to revive the age-old Guru Shishya Parampara for the sake of the younger generation, the Global Citizens of tomorrow. Wishing you all the best towards growing a spontaneous and fruitful soul - searching towards establishing a link with your true identity.

**HON. MR. D. N. SANGALE**

## OUR PRINCIPAL DIRECTOR'S VIEW

"Formal education will make you a living; self-education will make you a fortune."  
Jim Rohn

The school is managed by Sanjivani Rural Education Society with over four decades of experience globally in the field of education. Sanjivani has proven skills in delivering holistic education. We take pride in offering the best education system to our students through an exemplified Oxford Curriculum and activity based learning. Education is an integral activity that cannot be left to the few hours the child spends in the school and the school activities need to be supplemented by educational activities at home. Education is expected to prepare a student for life and therefore education has to be life oriented and conversely whole life should be education oriented.  
Best Wishes!

**MRS. SUNDARI SUBRAMANIAN**

## OUR PRINCIPAL'S VIEW

Education is a process in which character is formed, strength of mind is increased and intellect is sharpened as a result of which, one can stand on one's own feet.

Inculcate passion for excellence ! Our policies, our mission & our vision enable each student to become *aatmanirbhar* in context of life skills, intellectual, character building, shaping physique & innovations.

We believe in the term "Think Globally & act locally"

Experienced and committed faculty is one of our assets. The playful child centered curriculum is our base. We are committed for the growth of each individual.

# OUR VISION , MISSION AND OBJECTIVES

## VISION

Our vision is to impart knowledge that encompasses education beyond the classroom. To make children scientifically, intrinsically eco-sensitive and humane global citizens. To provide opportunities for the development of leadership qualities that can hold his / her head high in the community of nations.

## MISSION

To impart quality education to rural masses in order to develop their bright future with holistic development.

## OBJECTIVES

The 21st century will require independent thinkers, responsible citizens, creative problem solvers and confident decision makers. With a secure base in these skills our students will be able to move on to other school environments, second and third level education and the wider world with the confidence and optimism. With this philosophy as the foundation, Sanjivani Academy set itself on a mission to accomplish the task of shaping its students holistically, empowering and enabling them to act as leaders within and outside the community and finally guiding them to achieve their purpose of life.

## WHY CHOOSE SANJIVANI ACADEMY

Sanjivani Academy is a robust school, a caring, dynamic and happy community in which energy, integrity and courage flows in abundance. Visit us anytime and feel the buzz that envelops the school.

### **SANJIVANI AIMS AND ETHOS**

Our school welcomes children from all parts of the area. We offer a broad and enriching CBSE curriculum, striving to achieve the highest educational standard in a happy, caring and supportive environment. Our objective is to prepare pupils for their future as confident, kind, responsible, questioning young people with an enduring love for learning. In the pursuit of our objective, we embrace the following aims;

- » To enable all children to flourish in an interesting and challenging environment.
- » To provide an exciting educational setting, based on mutual respect and consideration for others.

Students's spiritual, moral, social and cultural development is outstanding. They show outstanding levels of respect for those who are different and less fortunate than themselves.

# OUR FACILITIES

## COMMUNITY COHESION

Sanjivani Toddlers, Kopargaon, believes in quality early childhood care and education (ECCE) as it has the power to transform children's lives. It can contribute to greater efficiency in education and health systems and a better skilled workforce. Attention to early childhood can also help build more equal and inclusive societies by providing excluded and disadvantaged children with a strong foundation in lifelong learning, and throughout their lives.

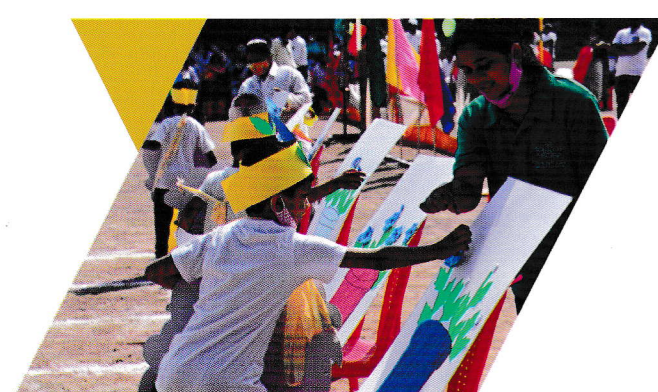

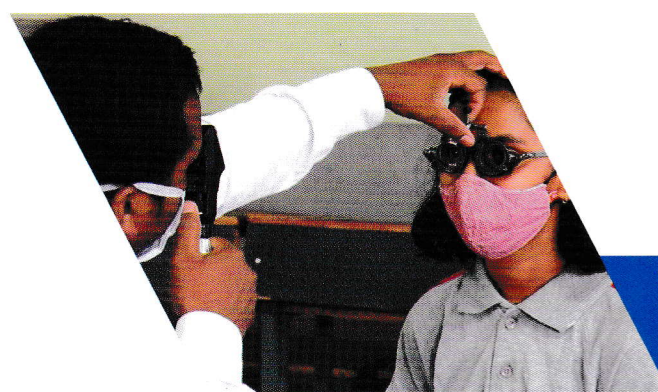

The right time is now

Early childhood is the time when promoting gender equality and a culture of peace makes a true difference, as the pace of brain development is at its peak. When children are exposed to values and attitudes that support gender equality and peace at an early age, they are likely to hold them in later stages in life. The school's promotion of community cohesion is a key strength of the school.

We enjoy strong links with our local and global community including schools, businesses, agriculture, agencies & third sector groups. Our links enable us to offer a range of initiatives to support our students and their families.

Building confidence:

Here at Sanjivani Academy, we encourage and guide the students to build up their self confidence and leadership qualities. Students of every class & section, from nursery to standard ten get a chance to conduct the morning assembly with the guidance of the class teacher. Special theme based assemblies are conducted by the students on every Saturday, festivals, national or academic importance, which caters to the holistic education evolving an individual into a self-confident personality.
